अतिरिक्त राष्ट्रीय बागवानी बोर्ड भी अंगूर की खेती सहित बेहतर प्रौद्योगिकी के प्रशिक्षण के लिए 50 किसानों के प्रत्येक समूह को 50000 रुपए की सहायता प्रदान कर रहा है। गत 3 वर्षों के दौरान हिसार जिले के किसानों को कोई मुआवजा नहीं दिया गया है।

Identification of crops suitable for different States

2467. SHRI V. HANUMANTHA RAO: Will the Minister of AGRICULTURE be pleased to state:

(a) whether Indian Council of Agricultural Research (ICAR) has identified the best crops suitable for different States, State-wise;

(b) whether it is a fact that some States have ideal physical conditions for encouraging certain crops;

(c) whether such an exercise of identification has been taken up by ICAR;

(d) if so, the crops selected for Andhra Pradesh to be given a boost; and

(e) the details thereof?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI S. KRISHNA KUMAR): (a) Yes, Sir.

(b) Yes, Sir. The data base on soil resources alongwith the climatic regimes prevalent in different states provide a basis for delineation of most efficient cropping zones with the associated crops that can be grown in a particular state. Accordingly emphasis is given to promote a particular crop based on the analysis of agro-ecological conditions and the cropping pattern.

(c) Yes, Sir. The detailed characterisation of the soil resources of different states are being surveyed and mapped. The entire country has been divided into 15 agro-climatic zones. Based on the suitable agro-climatic conditions, the research centres of the All India Co-ordinated Crop Improvement Research Projects under ICAR have been identified and located in different zones to work out location specific agro-techniques for each of the crops.

(d) and (e) The details are given in the statement.

Statement

Crop identified for Andhra Pradesh
